Discussion:

Mr. Imbt presented the TIS comprehensive plan. He noted the comp plan is like the W.R. Croman plan because it is developed for students in grades K-6. Mr. Imbt discussed three challenges the K-6 buildings are focusing on and their strategies to improve results or processes. The challenges include (1) test scores are not going in the right direction compared to the norm; (2) fully ensure school-wide use of the data that is focused on school improvement and academic growth of students; (3) system within the school that fully ensures a safe and supportive environment for all students. Strategies being used to overcome these challenges include (1) APL/Madeline Hunt instructional design; (2) school wide use of MAP data. Students will be monitored for growth and students will be taught how to use the goal setting in MAP; (3) SEL, bullying prevention, I Can Problem Solve.

Mr. Imbt noted NWEA is coming Monday, October 14, 2019 to work with teachers on goal setting. Mr. Imbt also showed a video on goal setting.
