Congratulations!

Croman faculty and staff wore purple on April 21 in support of our military children.

Purple Up! Day is an opportunity for our schools to visibly show our support and thank our military children for their strength and sacrifice. We know that military children will move, on average, six to nine times during a school career. Although it's not easy, they are able to adapt to change. They have a level of kindness and compassion that shines through whenever they are in a room.

It was an honor to show our support to our military families, thank you to all of you for your families service.

Kindergarten Program—Baby Beluga!

Miss Warriner and Mr. Shields (student teacher) led the Kindergarten classes in a fun program. Students did a great job with their poems and songs: "Shake My Sillies Out", "Brush Your Teeth", "Down by the Bay", and "Baby Beluga". Great job kids!
